

No to NATO, by Mistahi Corkill

Verse 1

Hear the warmongers speak, "NATO must expand to the East",
"Trust us", they say, "Russia and China are enemies", "They won't get down on their knees!",
But we know who's to blame, For the path to WWII,
We say no, we say no NATO

Verse 2

Right before our eyes, US/NATO commits heinous war crimes,
Empire leaders of the day try to hide their crimes away, War in the name of peace,
But we know what to blame, Their bloody crusades,
We say no, we say no NATO

Verse 3

They spread fear - lies - and hate, To justify regime change,
World control is their aim – state terror on display, Violence is their only way,
And we know who's to blame, as the war machine gets paid,
We say no, we say no NATO

Verse 4

Defend the rights of all, Don't let them demonize the world,
Disband NATO, Bring the troops home, It's the only way to peace,
'Cause we know who's to blame, So raise up your fist and sing,
We say no, we say no NATO
